ADVANCED TRANSPORTATION FINANCING AUTHORITY**

***Request to Approve an Extension of the  
15% Purchase Requirement Timeframe and the Initial Term of the Regulatory Agreement<sup>1</sup>***

**Tandem Diabetes Care, Inc.  
Application No. 20-SM010**

**Tuesday, August 17, 2021**

Prepared By: *Matthew Jumps, Program Analyst*

**SUMMARY**

**Applicant** – Tandem Diabetes Care, Inc.

**Location** – San Diego, San Diego County

**Industry** – Insulin Pumps and Related Products Manufacturing

**Project** – Upgrade and Expansion of Existing Insulin Pumps and Related Products Manufacturing Facility (Advanced Manufacturing)

**Total Amount Qualified Property Approved**– \$60,000,000

**Estimated Sales and Use Tax Exclusion Amount at Approval<sup>2</sup>** – \$5,016,000

**Amount of Time Requested** –

- One year, until September 17, 2022, for the 15% purchase requirement timeframe (two years and six months from the date of initial CAEATFA Board approval)
- One year, until March 17, 2024, for the Initial Term of the Regulatory Agreement (four years from the date of initial CAEATFA Board approval)

**Staff Recommendation** – Approval

---

---

<sup>1</sup> All capitalized terms not defined in this document are defined in the Sales and Use Tax Exclusion Program’s statutes and regulations.

<sup>2</sup> This amount is calculated based on the average statewide sales tax rate at the time of initial approval, which was 8.36%.

**REQUEST**

On March 17, 2020, the CAEATFA Board approved a sales and use tax exclusion (“STE”) for Tandem Diabetes Care, Inc. (the “Applicant”) for the purchase of up to \$60,000,000 in Qualified Property to upgrade and expand its existing insulin pump and related products manufacturing facility in San Diego (the “Project”). The Regulatory Agreement (“Agreement”) provided the Applicant with 18 months from the date of CAEATFA Board approval to purchase or execute purchase orders for at least 15% of the total Qualified Property amount approved.<sup>3</sup> Also, the Agreement initial term provided the Applicant with three years from the date of Board approval to utilize its STE award.<sup>4</sup>

As of July 31, 2021, the Applicant has used the STE award to purchase approximately \$5,500,000 of Qualified Property (9.2% of the total Qualified Property approved). The Applicant is requesting to extend the 15% purchase requirement timeframe by one year to accommodate delays caused by the COVID-19 pandemic. The Applicant is also requesting to extend the Agreement’s initial term by one year for the same accommodations.

The CAEATFA Board can extend the 15% purchase requirement timeframe upon a finding of extraordinary circumstances and that an extension is in the public interest and advances the purposes of the STE Program.<sup>5</sup> The CAEATFA Board can extend the initial term of the Agreement upon a finding that an extension is in the public interest and advances the purposes of the STE Program.<sup>6</sup>

The Applicant states that the COVID-19 pandemic caused delays in the purchase of Qualified Property and overall implementation of the Project. The Applicant explains that, due to the pandemic, it had to reallocate resources to implement health and safety measures to limit the spread of the virus in its current facilities. The pandemic also brought uncertainty in the market, including the healthcare sector, which caused the Applicant to halt discretionary spending for fixed asset upgrades and research and development. Additionally, the Applicant explains that mandated shutdowns and global supply-chain shortages significantly delayed purchasing. With the reopening of California, the Applicant expects to recommit investments to expand its production lines and research and development operations. The Applicant states that demand for its products continues to grow. The Applicant intends to meet the 15% purchase requirement by the fall of 2022 and to use the remainder of the STE by the spring of 2024.

**THE APPLICANT**

The Applicant is a Delaware corporation that formed in 2006 and is publicly traded under the symbol TNDM. The Applicant manufactures insulin pumps and related products for those with insulin-dependent diabetes. The Applicant explains it combines innovative technologies with an unrivaled focus on the customer experience.

---

<sup>3</sup> California Code of Regulations Title 4, Division 13, Section 10035(b)(1)

<sup>4</sup> California Code of Regulations Title 4, Division 13, Section 10035(b)(1)

<sup>5</sup> California Code of Regulations Title 4, Division 13, Section 10035(b)(1)(A)

<sup>6</sup> California Code of Regulations Title 4, Division 13, Section 10035(b)(1)(B)

The Applicant explains that pump therapy is an alternative to insulin shots, utilizing insulin pumps that are computerized devices that simulate how the pancreas works by delivering small, steady, and continuous basal insulin to the body throughout the day. In November 2011, the Applicant received FDA clearance for the first-ever touchscreen insulin pump called the t:slim Pump. Since then, the Applicant has focused on the t:slim system and complementary product offerings, including infusion sets, cartridges, and accessories.

The corporate officers of Tandem Diabetes Care, Inc., are:

Kim Blickenstaff, Executive Chairman of Board of Directors

John Sheridan, President & Chief Executive Officer

David Berger, EVP, Chief Business Operations, Compliance Officer, & Secretary

Leigh Vosseller, EVP, Chief Financial Officer & Treasurer

Susan Morrison, EVP & Chief Administrative Officer

Brian Hansen, EVP & Chief Commercial Officer

## **THE PROJECT**

The Applicant explains the Project will entail an approximately 90,000 to 100,000 square-foot build-out and an upgrade of its existing production, research, design, quality control, and prototyping equipment.

According to the Applicant, the Project will enhance productivity and overall efficiencies by incorporating significant amounts of automation in its production lines. For example, the Applicant anticipates the average production time per insulin cartridge on the Applicant's cartridge manufacturing lines will be reduced by approximately 30% to 40% compared to historical averages. The Project will also utilize an improved counting and packaging system that will automatically count, bag, and seal cartridges operating on a just-in-time basis. The Applicant anticipates the just-in-time system will increase efficiencies and reduce solid waste related to packaging materials. The Project is also anticipated to reduce solid waste by employing a static flow of production, meaning the product remains stationary while the production equipment moves around it, which will reduce the amount of printed circuit board assembly replacement parts consumed during the manufacturing process.

Additionally, the Applicant states the company chose to focus on customer experience, concentrating on behavioral sciences and hiring a high-performing workforce, many of whom live with diabetes. The Applicant explains it designs its business and products on a consumer-focused platform. For example, its pumps are up to 38% smaller than other insulin pumps, are water-resistant up to three feet for 30 minutes, use an easy-to-read touchscreen and Bluetooth technology, and have a rechargeable battery via micro-USB.

**15% PURCHASE REQUIREMENT TIMEFRAME EXTENSION REQUEST**

The Applicant has requested that the 15% purchase requirement timeframe be extended from September 17, 2021, to September 17, 2022, to accommodate delays caused by the COVID-19 pandemic.

**AGREEMENT INITIAL TERM EXTENSION REQUEST**

The Applicant has requested that the initial term of the Agreement be extended from March 17, 2023, to March 17, 2024, to accommodate delays caused by the COVID-19 pandemic.

**Staff Evaluation**

According to the Applicant, delays in the purchases of Qualified Property were outside the Applicant's control due to the extraordinary circumstances of the COVID-19 pandemic. The pandemic caused delays to the Project on multiple fronts. The Applicant states that market uncertainty caused investments to be paused and resources reallocated so that current operations could be conducted in a manner that ensured the health and safety of workers at its facilities. Additionally, supply-chain issues and government-mandated shutdowns resulted in delayed purchasing. The Applicant has demonstrated a commitment to meeting its obligation under the STE Program, stating that it expects to meet the 15% purchase requirement in 2022 and use the remainder of the STE by the fall of 2024. The Applicant states that demand for its product continues to grow, and it is confident that investments to expanding production lines and research and development will be restored.

Based on this information, Staff believes these are extraordinary circumstances, and that extending the 15% purchase requirement timeframe will allow for the Project to be completed, and is, therefore, in the public interest and advances the purposes of the STE Program. Staff also believes extending the initial term of the Agreement will allow for the Project to be completed, and is, therefore, in the public interest and advances the purposes of the STE Program.

**LEGAL QUESTIONNAIRE**

Staff reviewed the Applicant's responses to the questions contained in the Legal Status portion of the Application. The responses did not disclose any information that raises questions concerning the financial viability or legal integrity of this Applicant.

**CAEATFA FEES**

In accordance with STE Program regulations,<sup>7</sup> the Applicant has paid an additional fee of \$2,000 because extending the 15% purchase requirement timeframe and the initial term qualifies as a modification to the Applicant's Agreement.

---

<sup>7</sup> California Code of Regulations Title 4, Division 13, Section 10036(c)(1)(B)

**RECOMMENDATION**

Staff recommends that the Board approve the Applicant's request to extend the 15% purchase requirement timeframe by one year to September 17, 2022, as the Applicant has demonstrate extraordinary circumstances and it is in the public interest and advances the purposes of the STE Program.

Staff recommends that the Board approve the Applicant's request to extend the initial term of the Agreement by one year to March 17, 2024, as it is in the public interest and advances the purposes of the STE Program.

**Attachments**

Attachment A: Tandem Diabetes Care, Inc.'s letter requesting waiver (June 24, 2021)

Attachment B: Tandem Diabetes Care, Inc.'s staff summary at the time of approval

**RESOLUTION APPROVING AN EXTENSION OF  
TANDEM DIABETES CARE, INC.'S 15% PURCHASE REQUIREMENT TIMEFRAME  
UNDER THE REGULATORY AGREEMENT**

August 17, 2021

WHEREAS, on March 17, 2020 the California Alternative Energy and Advanced Transportation Financing Authority (the "Authority"), a public instrumentality of the State of California, approved a Sales Tax Exclusion ("STE") in the amount of \$60,000,000 of Qualified Property for **Tandem Diabetes Care, Inc.** (the "Applicant"); and

WHEREAS, within 18 months of approval by the Authority, the Applicant must purchase or execute purchase orders for at least 15% of the total amount of Qualified Property listed in the approval resolution (STE Program regulations Section 10035(b)(1)); and

WHEREAS, upon a finding of extraordinary circumstances and that it is in the public interest and advances the purposes of the Program, the Authority may waive the requirement that the Applicant must purchase or execute purchase orders for at least 15% of the total amount of Qualified Property within 18 months of Application approval (STE Program regulations Section 10035(b)(1)(A)); and

WHEREAS, the Applicant has requested a waiver of the requirement to purchase or execute purchase orders for at least 15% of the Qualified Property amount within 18 months due to unexpected delays in the Project timeline, extending the term by one (1) year to September 17, 2022; and

WHEREAS, the Applicant has demonstrated extraordinary circumstances as to why it cannot meet the 18-month 15% purchase requirement timeframe; and

WHEREAS, within three (3) years of approval by the Authority, the Applicant must make all Qualified Property purchases (STE Program regulations Section 10035(b)(1)); and

WHEREAS, upon a finding that it is in the public interest and advances the purposes of the Program, the Authority may waive the requirement that all purchases of Qualified Property be made within three (3) years of Application approval (STE Program regulations Section 10035(b)(1)(B)); and

WHEREAS, the Applicant has requested a waiver of the requirement to purchase all of the Qualified Property within three (3) years by March 17, 2023, due to unexpected delays in the Project timeline, extending the term by one (1) year to March 17, 2024; and

WHEREAS, granting the waiver will allow the Project to proceed and the state to receive the anticipated environmental and economic benefits that justified the initial approval of the Project in accordance with the law, thereby advancing both the public interest and the purposes of the Program.

NOW, THEREFORE, BE IT RESOLVED by the California Alternative Energy and Advanced Transportation Financing Authority, as follows:

Section 1. The Authority finds these are extraordinary circumstances and that it is in the public interest and advances the purposes of the Program to extend the Applicant's deadline to meet the 15% purchase requirement to September 17, 2022.

Section 2. The Authority finds that it is in the public interest and advances the purposes of the Program to extend the Applicant's initial term of the Regulatory Agreement to March 17, 2024.

Section 3. This resolution shall take effect immediately upon its passage.

Sacramento, CA 95814

RE: CAEATFA STE Master Regulatory Agreement ("MRA") Extension Request – Tandem Diabetes Care, Inc.  
(20-SM010)

Dear CAEATFA Board Members & Staff,

Tandem Diabetes Care, Inc. ("Tandem") respectfully requests to waive the requirement to purchase or have executed purchase orders of Qualified Property totaling 15% of the amount listed in Exhibit B of the MRA within eighteen (18) months of approval by the Authority and to replace this requirement with a thirty (30) month timeframe requiring the company to purchase or have executed purchase orders of Qualified Property totaling 15% of the total amount listed in Exhibit B of the MRA by September 17, 2022. In conjunction, Tandem respectfully requests a twelve (12) month extension on its CAEATFA STE MRA award, until March 17, 2024 in order to procure the remaining CAEATFA STE Qualified Property.

Tandem's CAEATFA STE award became effective as of March 17, 2020 which unfortunately occurred around the same time the COVID-19 pandemic hit hard causing massive economic shutdowns across the globe. Tandem's plans to build-out and expand its' current production facilities in San Diego were drastically scaled back. As a result of COVID-19, Tandem experienced the following delays:

- Resources required to be reallocated to aide in the implementation of strict health and safety practices and procedures to minimize the spread within the production facility in accordance with CDC guidelines.
- Uncertainty in the global markets, specifically in the healthcare sector caused increased focus on expenditures and management to halt discretionary spending including fixed asset upgrades and R&D.
- Setbacks in supply chain caused shortages in production inputs coupled with mandated COVID-19 government shut-downs caused significant reduction in planned expansions due to shipping delays and supplier shortages.

Despite the obstacles presented by COVID-19, the Company continues to see growth and high demand for its' products. As of June of 2021, the company has purchased approximately \$5.5M or 9.2% of Qualified Property. With the reopening of California in the recent weeks, Tandem anticipates the expansion and upgrade of their San Diego facility to move forward in full swing with a strategic plan for additional production lines coupled with heavy investments in R&D over the next one to two years. Tandem fully expects to acquire qualified property to exceed 15% of the overall award by Fall of 2022 and the remainder of the award by Spring of 2024. Please reach out to us with any questions. Thank you in advance for your time and careful consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alex Tran', written over a light blue horizontal line.

David Berger, EVP & Chief Legal & Compliance Officer  
Leigh Vosseller, EVP & Chief Financial Officer  
Susan Morrison, EVP Chief Administrative Officer  
Brian Hansen, EVP & Chief Commercial Officer

**THE PROJECT**

Tandem is requesting a sales and use tax exclusion to upgrade and expand its existing insulin pump and related products manufacturing facility located in San Diego (the “Project”). The Applicant explains the Project will entail an approximately 90,000 to 100,000 square-foot build-out and an upgrade of its existing production, research, design, quality control, and prototyping equipment.

According to the Applicant, the Project will enhance productivity and overall efficiencies by incorporating significant amounts of automation in its production lines. For example, Tandem anticipates the average production time per insulin cartridge on the Applicant’s cartridge manufacturing lines will be reduced by approximately 30% to 40% compared to historical averages. The Project will also utilize an improved counting and packaging system that will automatically count, bag, and seal cartridges operating on a just-in-time basis. Tandem anticipates the just-in-time system will increase efficiencies and reduce solid waste related to packaging materials. The Project is also anticipated to reduce solid waste by employing a static flow of production, meaning the product remains stationary while the production equipment moves around it, which will reduce the amount of printed circuit board assembly replacement parts consumed during the manufacturing process.

Additionally, the Applicant states the company chose to focus on customer experience, concentrating on behavioral sciences and hiring a high-performing workforce, many who live with diabetes. Tandem explains it designs its business and products on a consumer-focused

platform. For example, its pumps are up to 38% smaller than other insulin pumps, are water-resistant up to 3 feet for 30 minutes, use an easy-to-read touchscreen and Bluetooth technology, and have a rechargeable battery via micro-USB.

**ANTICIPATED COSTS OF QUALIFIED PROPERTY**

The anticipated Qualified Property purchases are listed below:

Manufacturing/Production Machinery, Equipment & Materials	\$25,175,000
Facility Buildout, Upgrades & Infrastructure Improvements	14,000,000
Design, Engineering, Research & Development Property	9,750,000
Logistics, Transport, Storage & Packaging	3,775,000
Lab Instruments & Devices	500,000
Quality Control, Testing, Prototyping & Related Property	3,000,000
Computers, Information Technology, Networking & Related Property	<u>3,800,000</u>
<b>Total</b>	<b><u>\$60,000,000</u></b>

*Note: The Qualified Property purchases reported in the Application and shown here in staff's report are estimated costs. At the termination of the master regulatory agreement a finalized project equipment list will be prepared detailing the value of the Project equipment acquired and the actual tax benefit realized pursuant to Revenue and Tax Code Section 6010.8. Variance from the costs shown in the Application and in this report may occur prior to the closing due to increased costs of certain components (of the Project) over original estimates, and other reasons. In addition, such costs may vary after closing due also to increased costs, as well as common design and equipment modifications during construction, differences in equipment due to future changes in law or regulation, or for other reasons.*

**TIMELINE**

The Applicant states it has already begun construction on the Project and anticipates the first phase to be complete and placed in service by June of 2020, and the remainder to finish in Q3 of 2021. The Applicant anticipates purchasing Qualified Property throughout the three-year term of the award.

**COMPETITIVE CRITERIA SCORE**

In the event that CAEATFA receives Applications in excess of the statutory \$100 million cap for that calendar year, the order in which the Applications shall be considered in the same month will be ranked based on five Competitive Criteria.

The Applicant received 70 Competitive Criteria points as follows:

1. **Environmental Benefits (0 points)**. The Applicant's Project did not earn any Total Pollution Benefits points (i.e. did not have environmental benefits that could be

- monetized and scored pursuant to the Program’s regulations<sup>10</sup>), therefore no points are awarded.
2. **Unemployment (0 of 50 points)**. The Applicant’s Project is located in San Diego County, which has an average annual unemployment rate of 3.2 %. When compared to the statewide average annual unemployment rate, which was 4.1% in 2019, the dataset used in the Application, the Project location earned the Applicant an Unemployment Score of zero points.
  3. **Job Creation (55 of 75 points)**. The Applicant represents that the Project will support a total of 658 production-related jobs at its Facility. CAEATFA estimates that approximately 33 of these jobs will be attributable to a marginal increase in jobs created due to the STE. Based on the amount of STE per estimated number of jobs created, the Applicant earned 55 points.
  4. **California Headquarters (15 points)**. The Applicant has a California Corporate Headquarters, therefore 15 points are awarded.
  5. **Natural Disaster Relief (0 points)**. The Project is not to rebuild or relocate the Applicant’s Facility due to a fire, flood, storm, or earthquake identified in the state of emergency proclamation made by the California State Governor within two years of the time of application, therefore zero points are awarded.

## **PROJECT EVALUATION**

### **NET BENEFITS**

The Project received a Total Score of 1,265 points, which exceeds the required 1,000-point threshold, and a total Environmental Benefits Score of 35 points, which exceeds the 20-point threshold.

- A. **Fiscal Benefits (1,150 points)**. The net present value of the total fiscal benefits over the lifetime of the Qualified Property is derived from the Applicant’s sales taxes, personal income taxes paid by the firm’s employees, firm taxes on profits, property taxes, and other indirect fiscal benefits of the Applicant, which amounts to \$5,767,662, resulting in a Fiscal Benefits score of 1,150 points for the Project.
- B. **Environmental Benefits (35 points)**. The Project earned an Environmental Benefits Score of 35. The Applicant received points in the following categories:
  1. **Energy Consumption (15 of 30 points)**. The Applicant represents that the Project will result in a 15% reduction in energy consumption compared to the Applicant’s previous manufacturing process through the use of high-efficiency LED lighting.

---

<sup>10</sup> California Code of Regulations Title 4, Division 13, Section 10033(c)(4)

2. **Solid Waste (20 of 30 points)**. The Applicant represents that the Project will result in a 20% reduction in solid waste produced relative to the Applicant's previous manufacturing process/industry standard manufacturing process. The Applicant anticipates these savings through a reduction in spare parts by converting to a static cartridge production line and reduced packaging materials by switching to just-in-time packaging for its cartridges.
- C. **Additional Benefits (80 points)**. Applicants may earn additional points for their Total Score. The Applicant submitted information and received 80 additional points.
1. **Production Jobs (55 of 75 points)**. The Applicant represents that the Project will support a total of 658 production-related jobs at its Facility. CAEATFA estimates that approximately 33 of these jobs will be attributable to a marginal increase in jobs created due to the STE. Based on the amount of STE per estimated number of jobs created, the Applicant earned 55 points.
  2. **Construction Jobs (0 of 75 points)**. The Applicant represents that the Project will support a total of 18 construction jobs at its Facility. CAEATFA estimates that approximately 1 of these jobs will be attributable to a marginal increase in jobs created due to the STE. Based on the amount of STE per estimated number of jobs created, the Applicant earned zero points.
  3. **Unemployment (0 of 50 points)**. The Applicant's Project is located in San Diego County, which has an average annual unemployment rate of 3.2%. When compared to the statewide average annual unemployment rate, which was 4.1% in 2019, the dataset used in the Application, the Project location earned the Applicant an Unemployment Score of zero points.
  4. **Research and Development Facilities (25 points)**. The Applicant has verified that it has a facility located in California that performs research and development functions related to the production of insulin pumps and related parts.

#### **STATUS OF PERMITS/OTHER REQUIRED APPROVALS**

The Applicant states it has secured all necessary building, installation and operational permits.

#### **LEGAL QUESTIONNAIRE**

Staff reviewed the Applicant's responses to the questions contained in the Legal Status portion of the Application. The responses did not disclose any information that raises questions concerning the financial viability or legal integrity of this Applicant.

**CAEATFA FEES**

In accordance with CAEATFA Regulations,<sup>11</sup> the Applicant has paid CAEATFA an Application Fee of \$10,000 and will pay CAEATFA an Administrative Fee of up to \$240,000.

**RECOMMENDATION**

Staff recommends approval of Resolution No. 20-SM010 for Tandem Diabetes Care, Inc.'s purchase of Qualified Property in an amount not to exceed \$60,000,000, anticipated to result in an approximate sales and use tax exclusion value of \$5,016,000.

---

<sup>11</sup> California Code of Regulations Title 4, Division 13, Section 10036

**RESOLUTION APPROVING AND AUTHORIZING EXECUTION OF A MASTER REGULATORY AGREEMENT WITH TANDEM DIABETES CARE, INC.**

March 17, 2020

WHEREAS, the California Alternative Energy and Advanced Transportation Financing Authority (the “Authority” or “CAEATFA”) has received the Application of **Tandem Diabetes Care, Inc.** (the “Applicant”), for financial assistance in the form of a master regulatory agreement (the “Agreement”) regarding tangible personal property utilized in an Advanced Manufacturing process or for the design, manufacture, production or assembly of Advanced Transportation Technologies or Alternative Source products, components, or systems (“Qualified Property”) as more particularly described in the staff summary and in the Applicant’s Application to the Authority (collectively, the “Project”); and

WHEREAS, the Applicant has requested the Authority to enter into the Agreement to acquire Project equipment with an estimated cost not to exceed \$60,000,000 over a period of three years; and

WHEREAS, the Applicant believes that this form of financial assistance will enable it to avail itself of the benefits of an exclusion from sales and use taxes relative to the Qualified Property pursuant to California Revenue and Taxation Code Section 6010.8; and

WHEREAS, approval of the terms of the Agreement and authority for the Executive Director, Deputy Executive Director, or Chair of the Authority to execute the necessary documents to effectuate the Agreement is now sought;

NOW, THEREFORE, BE IT RESOLVED by the California Alternative Energy and Advanced Transportation Financing Authority, as follows:

Section 1. The Project constitutes a “project” within the meaning of Public Resources Code Section 26003(a)(8)(B).

Section 2. The requested master regulatory agreement constitutes “financial assistance” within the meaning of Public Resources Code Section 26003(a)(6).

Section 3. The Applicant is a “participating party” within the meaning of Public Resources Code Section 26003(a)(7).

Section 4. The Executive Director, Deputy Executive Director, or Chair of the Authority (the “Authorized Signatories”) are hereby authorized for and on behalf of the Authority to approve any changes to the Project as the Executive Director shall deem appropriate, provided that the amount of the Qualified Property to be purchased may not be increased above the amount approved by the Authority.

Section 5. The proposed form of the Agreement between the Applicant and the Authority, as filed with the Authority prior to this meeting, is hereby approved. The Authorized Signatories

are hereby authorized and directed, for and on behalf and in the name of the Authority, to execute, acknowledge and deliver to the Applicant the Agreement in substantially the form filed with or approved by the Authority, with such insertions, deletions or changes therein as the Authorized Signatory executing the same may require or approve, and with particular information inserted therein in substantial conformance with the staff summary and in the Applicant's Application to the Authority, such approval to be conclusively evidenced by the execution and delivery thereof. The Authority understands and agrees that pursuant to the terms of the Agreement, the obligations of the Applicant may, under some circumstances, be carried out or assumed by a successor or assignee entity, or by an affiliate of the Applicant.

Section 6. Each of the Authorized Signatories, acting alone, is hereby authorized and directed to do any and all ministerial acts, including (without limitation) the execution and delivery of any and all documents and certificates they may deem necessary or advisable in order to consummate the Agreement and otherwise effectuate the purposes of this Resolution.

Section 7. The Applicant shall assure CAEATFA that all Qualified Property listed in the semi-annual reports pursuant to the Agreement shall be installed, maintained and operated in compliance with all applicable local, state and federal laws.

Section 8. The Agreement shall only apply to Qualified Property that the Applicant certifies will be installed, maintained and operated at facilities within the State of California.

Section 9. The adoption by the Authority of this Resolution for the Applicant shall not be referred to in any application before any governmental agency as evidence of the feasibility, practicality or suitability of the Project or in any application for any required permission or authority to acquire, construct or operate the Project.

Section 10. This Resolution is effective immediately and will remain in full force and effect unless the Regulatory Agreement, as defined in CAEATFA Regulations Section 10035(a), is not executed within thirty (30) days of the date of this Resolution. The Executive Director may extend the thirty days if necessary.
