What Is a Qualified Disability Expense (QDE)?

Any expense related to the ABLE account owner as a result of living a life with a disability that helps maintain or improve health, independence or quality of life.

Categories are intentionally broad and include education, employment, housing, transportation, healthcare expenses and more.

Examples of QDEs

Education

Housing

Transportation

Employment training
and support

Assistive technology
and related services

Personal support
services

Health, Prevention
and wellness

Funeral and burial

Legal fees

Expenses for ABLE
account oversight and
monitoring

Financial management
and administrative
services

And more

Example:

Change of Intent on the Use of a Distribution

In June, Jennifer takes a \$7,000 distribution from her ABLÉ account to pay an **educational expense** that is a QDE. Her educational expense is due in September.

In August, Jennifer gets a job offer and **decides not to return to school**.

The \$7,000 becomes a **countable resource** in September because she no longer intends to use it for an educational expense that is a QDE, unless Jennifer **re-designates** it for another QDE or **returns** the funds to her ABLÉ account prior to September.

Housing Guidance

HUD will exclude:

- ABLE funds in determining family income
- Third-party contributions
- The entire value of an ABLE account from household assets
- Distributions from an ABLE account are not considered income

Wage income received will be included as income

* Withdrawal and payment of housing expenses must occur in the same calendar month to avoid problems with program benefits

POMS Housing Expense Examples

Mortgage (including property insurance required by the mortgage holder)

Real property taxes

Rent

Heating fuel

Gas

Electricity

Water

Sewer

Garbage removal

Housing expenses for purposes of an ABLE account are similar to household costs for in-kind support and maintenance purposes.

However, for ABLE purposes, food is considered a qualified disability expense (basic living expense), but not a housing expense.

Example:

Housing Expense

Amy takes a distribution of \$500 from her ABLE account in **May** to pay a housing expense for **June**. She deposits the \$500 into her checking account in May, withdraws \$500 in cash on June 3, and pays her landlord.

This distribution is a housing expense and part of her checking account balance as of June 1, which makes it a **countable resource** for the month of June.

What Is a Non-Qualified Disability Expense?

Any expense related to the ABLÉ account owner as a result of living a life with a disability that does not help maintain or improve health, independence or quality of life.

Because the categories are intentionally broad, there are very few purchases that would be considered nonqualified disability expenses

Examples of Non-QDEs

Alcohol

Drugs

Any illegal purchases

Gambling

Gifts for other people

IMPORTANT NOTE:
If CalABLE money is used for a non-qualified disability expense (non-QDE), the expense would be subject to regular income taxes, plus a 10% tax penalty on account earnings – and benefits may be at risk.

Money used for non-QDEs may now be considered a resource.

What if I am unsure whether a specific expense is a qualified disability expense?

Best Practices for Record Keeping

- Keep receipts in a secure and safe area
- Record notes (records of the purchased item and the amount of the ABLE withdrawal)
- The IRS recommends keeping records for 3 years from the date you filed your original return or 2 years from the date you paid the tax.
- Organize receipts by date to easily find them
- Scan receipts and notes, store them on a computer
- Upload receipts photos to your account

Track your spending and upload receipts with a prepaid card

- Load funds onto your prepaid debit card anytime from your CalABLE account
- Use it to pay for qualified disability expenses anywhere Visa[®] debit cards are accepted*
- Customize your spending - set where your card will and won't work to avoid fraud
- You can have two separate cards - one for the beneficiary and one for the authorized legal representative
- No monthly fees*

*Please see the cardholder agreement for any

You also should consult your financial, tax, or other adviser to learn more about how state-based benefits (or any limitations) would apply to your specific circumstances. You also may wish to directly contact your home state’s savings program, or any other state savings program, to learn more about those plans’ features, benefits and limitations. State-based benefits should be one of many appropriately weighted factors to be considered when making an investment decision.
